Envelope windows and labels are okay. Remove other non-paper items
16. **OTHER PAPER**
Pamphlets, brochures, file folders, card stock, etc.

Great news! Now you can recycle even more plastics! We can take anything made of rigid plastic as long as it fits in your blue barrel with the lid closed. Questions? Call **791-5000**.

Please recycle plastic bags at your participating neighborhood grocery store. Only shredded paper should be placed in a sealed clear plastic bag for recycling. This is the only exception to the No Plastic Bags rule.

*Hazardous materials include pesticides, herbicides, automotive fluids, pool chemicals, etc.
